PHOTO BY JOHN ROBERT WILLIAMS

Dear Friends,

The Grand Traverse Regional Land Conservancy had a banner year in 2011! With twenty years now under our belts, we have established an enviable track record of success, thanks to the generous support of people like you and our many partners. We also have much to look forward to as we continue the strategic direction of our conservation efforts, showcased in the pages of this annual report edition of *Landscape*. I can speak for all the staff at GTRLC when I say that we are more excited about the work our organization is doing today than ever before. In part, this is because of a growing level of community engagement in accomplishing work that is critical to achieving a lasting prosperity for both our region and the great state of Michigan.

Some highlights from 2011 include:

- Eight properties totaling 1,362 acres and over six miles of shoreline were permanently protected, including the former Mountain Jack's property that includes 515 feet of East Bay frontage and is part of the ongoing Acme Shoreline Park initiative.
- GTRLC received our largest-ever land donation in 2011 with a bequest of the Misty Acres Farm from Naomi Borwell, a loyal, loving, and generous supporter. This new 620-acre nature preserve straddles the Benzie and Manistee County line and will provide access to thousands of feet of the Betsie River.
- Four additional privately owned properties protected with conservation easements feature miles of shoreline on the Lower Manistee River, Lake Michigan, and along Bennett Creek, an important tributary of the Jordan River, that will protect water quality in our region.
- The Conservancy also completed the protection of two more local farms, adding to the steadily growing number of active farmland acres protected.
- Also notable were the 110 guided hikes, educational events, and celebrations the Conservancy hosted, which would not have been possible without the support of volunteers who generously contributed over 3,600 hours of their time.

We've been busy with stewardship activities, including treating invasive species like phragmites along our shorelines and building and maintaining trails on our nature preserves and in public parks and natural areas like the Glacial Hills Pathway near Bellaire. We now have 208 conservation easements to monitor annually in partnership with private landowners, nearly half our total protected acreage, which today totals more than 35,500 permanently preserved acres of land and 113 miles of shoreline in Grand Traverse, Benzie, Antrim, Kalkaska, and Manistee Counties.

Together with you, our volunteers and loyal donors, we have an ambitious goal of positively impacting what our community values most: access to our region's majestic shorelines; safe, clean water; a sense of rural character; respect for private property rights; and a healthy economy. Our cumulative efforts are creating a lasting legacy for our region, and with your continued support, we know the next twenty years will be as productive as the first.

As summer approaches, I look forward to seeing you out on the trails that never fail to refresh our bodies and souls and that remind us of how lucky we are to live and play in this northern Michigan paradise we call home!

Glen Chown,
GTRLC Executive Director

GRAND TRAVERSE REGIONAL LAND CONSERVANCY AND TART TRAILS PARTNER ON COMMUNITY AND BUSINESS RECREATION SURVEY

Since 1991, the Grand Traverse Regional Land Conservancy has protected and cared for the region's natural, scenic, farm and forest lands and shoreline. Since 1998, TART Trails, Inc. has been dedicated to providing recreation and transportation opportunities as well as preserving open space corridors through a network of trails in the Grand Traverse region. These two groups are now collaborating to gather public input as to how assets specifically located along the North US-31 Corridor (refer to map for specific area) can be best maintained and utilized by the public.

An online survey (link to it from www.gtrlc.org until April 30) will help us understand awareness and use of recreational amenities like parks, non-motorized trails, beaches, and natural areas in this region, and will help assure GTRLC's and TART's future plans are aligned with public desires for land use, non-motorized transportation, and outdoor recreation.

"This work allows us to move from visioning toward action and planning. Protected areas, like the Acme Shoreline Park, which is now in its third phase of growth, are assets for connected communities and businesses."

— Megan Olds, GTRLC
Associate Director

MISTY ACRES

A Visionary Legacy

Our newest preserve is not only a remarkable natural treasure, it is also a tribute to visionary people whose deep ties and forward thinking have protected that treasure for all time.

The pivotal moment for this property's role in the future of our region's natural heritage came in 1991, just as the Grand Traverse Regional Land Conservancy came into existence with the help of several deeply committed individuals. Ted Curran, a founding GTRLC Board member, was seeking to connect the Conservancy to philanthropically minded summer residents who would have an affinity for GTRLC's mission. He enlisted the help of Mollie Rogers,

who ran the iconic summer resort at the west end of Crystal Lake known as Chimney Corners. She responded by hosting a high tea at which the Conservancy's new Executive Director, Glen Chown, presented the goals and needs of the brand-new regional land trust.

A close-knit group of forward-thinking women attended that afternoon's presentation, confirming Ted's insight and Mollie's standing as a community leader. One of the guests who heard Glen's presentation that afternoon was financial executive and philanthropist Naomi Tudor Borwell. Soon after the tea party at Chimney Corners, Naomi made a three-year, \$15,000 start-up pledge

to GTRLC through the Borwell Charitable Foundation, support intended to match grants and gifts from Rotary Charities and other family foundations.

This important founding role was just the beginning of Naomi's generous commitment to the GTRLC's mission. In 1997 she pledged a significant lead gift for land protection at the outset of the Railroad Point Natural Area Project, and then in 2003 she made a truly extraordinary leadership pledge to GTRLC's Coastal Campaign, which successfully protected 6,000 acres of land along the Lake Michigan shoreline, including what is now the Arcadia Dunes Nature Preserve. On behalf of GTRLC,

Naomi opened her home and served as hostess to gatherings designed to rally support for the organization's strategic direction and special land protection projects. One of Naomi's final gifts to the Conservancy was a parcel of 35 acres adjacent to the south boundary of our Betsie Dunes Preserve, including a towering bluff with beautiful views of Crystal Lake.

The centerpiece of Naomi's commitment to our work, though, is Misty Acres. This 600-acre property, which straddles the Benzie-Manistee County line, includes more than 360 acres of hardwood forest, 6200 feet of frontage on the Betsie River, and riparian wetlands. It is also home to a small herd of cattle representing a breed originating from Scotland known as Belted Galloways. Naomi's late husband, Robert Carne Borwell, Sr., spent his childhood summers on the shores of Crystal Lake. Bob became a prominent Chicago-area executive in the insurance and financial sectors and continued to cherish visits to our area until his death in 1989, splitting his time in the region between Crystal Lake and Misty Acres. Bob trusted the day-to-day care of the farm to Barry Reed, who is still overseeing operations there after 37 years of service that included teaching horsemanship to Bob Borwell's grandchildren.

As Glen Chown recalls, Conservancy supporters Chuck and Nancy Brickman hosted a gathering at which Naomi first revealed her intention to entrust Misty Acres to GTRLC as a bequest.

"It was Naomi's ardent wish," Chown says, "that the property be preserved for all time by GTRLC, and that it be open to the public and potentially available for uses that would reinforce and complement the Conservancy's preservation

mission, goals, and strategic direction."

Naomi, a sophisticated grantmaker and financier, was aware that GTRLC would not be able to accept a bequest like Misty Acres if the property came with the potential to present a financial burden for the organization. Accordingly, when she left Misty Acres to GTRLC in her will, she also provided GTRLC with a dedicated cash bequest that, invested in a long-term fund, can function like an endowment by generating earnings sufficient to offset costs for the care of Misty Acres.

Ongoing activities at a preserve like Misty Acres include organizational commitments to build and repair trails, provide parking and signage, preserve native plants, and maintain the property's natural and agricultural resources and infrastructure.

"Every acre of land that we have protected over the past 20 years requires perpetual care, which is not accomplished without cost," explains Chown. "To protect a regional treasure the size and complexity of Misty Acres would not have been possible for GTRLC without Naomi's foresight in providing the resources needed to care for the asset in perpetuity."

GTRLC has launched an 18-month data-gathering and planning process designed to evaluate the potential for future programs at Misty Acres. The work includes the collection of baseline data and development of decision-making criteria and specific parameters for future programs and activities on the property.

When Naomi Tudor Borwell passed away in May, 2010, GTRLC lost a remarkable friend whose legacy gives all of us a regional treasure to protect, nurture, and share. We are deeply grateful for Naomi's vision and commitment and for the commitment at every giving level that our valued supporters have shown.

Naomi Borwell with Glen Chown in 2009 at the last of several in-home events Naomi hosted on behalf of the Conservancy

Nurturing Connections Between People, The Land, and Our Mission

2012 HIKE & EVENTS SCHEDULE

APRIL

APRIL 18

TRAIL RE_ROUTE AT PELIZZARI NATURAL AREA |

10-12:00 PM Learn sustainable trail building techniques from some of the best while improving the usability of this beloved, close to town, property. Volunteers will also learn about this property's amazing acquisition story as well as its ecological value.

APRIL 19 and Ongoing

GLACIAL HILLS TRAIL BUILDING

A very successful inaugural year yielded 2 miles of trail built by volunteers. This year the goal is 4 additional miles. To accomplish this we need volunteer trail builders! Please join us **every Thursday and the last Saturday of every month, 10am-12pm**.

Volunteers will learn a brief history of the property as well as the technique and theory behind sustainable trail construction and layout, all while experiencing a beautiful property adjacent to Bellaire. After building consider visiting our partners down at Short's Brewing Company to recharge and see the trail

APRIL 21

BIRDING HIKE AT ARCADIA MARSH | 8-10:00 AM

This hike is sponsored by the Benzie County Audubon Society and will be led by Brian Allen and John Ester. Meet at Arcadia Beach and then travel in a vehicle caravan to various observation points around the marsh.

Please take a moment to read about the Arcadia Marsh Preserve and Arcadia

Marsh Restoration Project on our website: www.gtrlc.org. The project, amongst other things, will improve bird habitat as well as human access to the property.

APRIL 25

CONTINUED TRAIL RE-ROUTE AT PELIZZARI NATURAL AREA |

10-12:00 PM Help transform a favorite trail at PNA to a more sustainable shape

MAY 2

SPRING WILDFLOWER HIKE AT PETE'S WOODS | 10-12:00 PM

This hike is sponsored by the Benzie County Audubon Society and will be led by GTRLC volunteer and Benzie Audubon member Paula Dreeszen. Hikers will wander along 1.5 miles of trail through the rolling hills of Pete's Woods, a beautiful and portion of Arcadia Dunes that has notoriously beautiful spring wildflower displays. Paula will point out spring ephemeral wild flowers along the way- those in bloom, those whose time has passed and those that have yet to come!

MAY 5

PLANT HERITAGE WEEK: LOOKING BEYOND THE LANDSCAPE AT TRINITY LUTHERAN CHURCH-FRANKFORT | 10:00 AM

The Grand Traverse Regional Invasive Species Network is sponsoring Plant Heritage Week which includes events throughout our region describing the importance of plants to our local environment and economy. "Looking Beyond the Landscape" will be presented by Angie Lucas of GTRLC and Matthew Bertrand of the Grand Traverse Conservation District and will focus on how native plants support birds and butterflies.

The presentation will be followed directly by "Gourmet Garlic Mustard with Suz McLaughlin", a gastronomic adventure, from 12pm-1pm also at the Trinity Lutheran Church. These are separate events so plan on attending either one or both

SPRING WILDFLOWER HIKE AT PETE'S WOODS | 10-12:00 PM

This hike is sponsored by the Benzie County Audubon Society and will be led by GTRLC volunteer and Benzie Audubon member Paula Dreeszen. Hikers will wander along 1.5 miles of trail through the rolling hills of Pete's Woods, a beautiful and portion of Arcadia Dunes that has notoriously beautiful spring wildflower displays. Paula will point out spring ephemeral

MAY 9

SPRING WILDFLOWER HIKE AT PETE'S WOODS | 10-12:00 PM

“Thank You!”

“”

Volunteers fulfill the vast stewardship, communication and administration needs that we assume with each new land protection project – be it a new nature preserve or a landscape-level protection effort. Our volunteers work alongside, and in partnership, with our staff.

- GTRLC STAFF

GIVING

THE CONSERVANCY FUND

The following donors made gifts and/or pledge payments between January 1 and December 31, 2011 to the Conservancy Fund, the fund that supports our unrestricted annual operating budget. Your gifts allow us to build a base of steady, reliable income to meet our day-to-day operational budget needs and ensure our programs are sustainable.

We deeply appreciate and depend upon your generous support.

THE SUSTAINERS CIRCLE

Sustainers Circle members are those donors who have given \$500 or more to the Conservancy Fund this year.

GIFTS OF \$5,000 OR MORE

CHALLENGE MET!

Last spring, The Carls Foundation awarded a generous multi-year challenge grant to match up to \$100,000 in gifts from first-time donors or increased gifts from current donors to our Conservancy Fund which provides support for our land protection and stewardship programs.

More than 1100 supporters responded, either with new gifts or by digging deep and increasing their giving by amounts ranging from \$1 to \$1000 or more. All told, these gifts totaled more than \$500,000! We are so grateful for the generosity of our donors and the vote of confidence from The Carls Foundation, which has been a loyal supporter of our mission since 1991.

"Every day I am deeply grateful for the beautiful and pristine area in which I live here on Old Mission Peninsula. I know that today we need to provide for and protect this place so that others may have the same privilege of enjoying it tomorrow. A challenge grant needs to be met within a set time frame so that it can be used for the greatest benefit for all. I am a Rotarian and I have been on the City Opera House board and have seen and experienced the greatly increased benefits realized by these generous grants. Although I never knew Bill Carls, I do know his family and have shared with them how much the preservation of this particular area meant to him as demonstrated through the ongoing support of his family foundation. I decided this was a win-win for all of us to be able to enjoy the expansion of the Pyatt Lake Natural Area and protect more of the Peninsula and all of the region for the future."
